

2011 Business Clean Sweep Friday, October 7

► Businesses ◀ ► Industries ◀ ► Schools ◀
► Municipalities ◀ & ► Other Service Providers ◀

***Do you have unwanted chemicals in your inventory?
Do you have chemical wastes in your shop or storage area?***

If you answered "yes" to either question, please consider participating in the Walworth County Business Clean Sweep Program scheduled Friday, October 7.

What is a Business Clean Sweep?

Business Clean Sweep is an economical, once-a-year opportunity for a business or institution to dispose of unwanted, unused, damaged, or banned chemicals or products considered "hazardous."

What types of products are "hazardous" & need to be disposed of at a Business Clean Sweep?

- Pesticides • Herbicides • Fertilizers
- Wood preservatives • Solvents • Adhesives
- Paint remover • Antifreeze • Fuels
- Aerosols • Lubricants • Cleaning Chemicals
- Degreasers • Contaminated Absorbents
- Oil or Lead-Based Paint Product Wastes
- Fluorescent & Other Mercury-Containing Bulbs
- Mercury Thermostats

Why participate in this program? Reduced costs, and more !

- Business Clean Sweep program participants pay for product disposal, but the cost is significantly less than contracting with a vendor for this service on an individual basis.
- Not all chemical or product wastes are defined as "hazardous." If your wastes fit some other definition, the cost may be lower than expected.
- Proper chemical disposal will keep a small problem from becoming a significant liability.
- Your company will increase customer, employee, and environmental protection.

Who can I call if I need more information?

Please contact Janet Cline by phone at ☎ (262) 741-3367, or by e-mail at: jcline@co.walworth.wi.us

Who may use the Business Clean Sweep program?

Businesses, manufacturers, schools, municipalities, & service providers that generate small amounts of hazardous waste, and classify as a Very Small Quantity Generator (VSQG) according to DNR standards. In general, any business or institution that generates less than 220 pounds of hazardous waste per month may use this program.

What should I do, if I'm interested? (Pre-registration is required for this program.)

① Complete the Pre-Registration / Chemical Inventory form on the back of this brochure.

② The completed form must be sent no later than **Thursday, September 29** to Veolia ES Technical Solutions, the hazardous waste vendor contracted for Clean Sweep. Veolia staff will provide a **no obligation disposal price quote**. If you choose to participate, Veolia will forward additional paperwork for you to complete.

Is there a Clean Sweep for household residents? Yes!

Clean Sweep will collect hazardous waste items from household residents on Friday and Saturday, October 7 & 8. For service locations, hours, and other program information please call (262) 741-3367.

Program Sponsor

The Business Clean Sweep program is sponsored by the Solid Waste Division of the Walworth County Public Works Department, W4097 County Rd NN, Elkhorn, WI.
